Re: Gray Bashew

Dear Sir or Madam,

Gray Bashew has studied with me both in labs and private lessons, and has shown himself to be a model student at Berklee. He has a huge talent, displays flexibility, and has a love of music and percussion. He is also active in giving back to the community, by teaching young inner city kids. Gray should be rewarded with a scholarship. I predict he will be a great success and make Berklee proud.

Sincerely,

Mark Walker
