To Whom It May Concern:

My name is Ted Paduck and I am a staff engineer/producer for Mix One Studios in Boston. I am also an Assistant Professor at Berklee College of Music in the MP&E program. I am writing in regards to Gray Bashew's application for a Berklee Achievement Scholarship.

I am pleased to say that I have had Gray Bashew as a student in my MP241 Mix Techniques class and he is currently enrolled in my MP340 Multitrack Recording Techniques class. I have found Gray Bashew to be an extremely creative student who is not afraid to take a chance on a good idea. Gray's mixes in my MP241 class were very clever and demonstrated a higher level of understanding than the other students in the class. Gray's attendance and work ethic in both of my classes has been exceptional.

I am confident that Gray Bashew will succeed in his endeavors to be a recording engineer/producer and fully believe that he will be a great asset to whichever production company or studio that he chooses to work for. I strongly recommend that you consider Gray Bashew in his request for a Berklee Achievement Scholarship.

Thank you for your time.

Sincerely,

Ted Paduck
